Re: Anchor Bolts

This letter is to certify that the Anchor Bolts supplied by Peco Fasteners, Inc., will meet the minimum physical and chemical requirements of ASTM F1554-36. 3/4" to 1" Anchor Bolts are produced from 1018 or A36 steel. Anchor Bolts are manufactured in the United States of America to commercial nut fit.

All hot-dip galvanized Anchor Bolts are plated in accordance to ASTM F2329.
